ASKS HOW MONEY IS SPENT Insurance Department Investigating

Payment of \$65,000 by Illinois

Life Company.

CHICAGO, Oct. 23 .- Officials of the Illi-The president said:

If we build the canal we must protect it and police it ourselves. We must therefore bring up and keep up our navy to the highest point of efficiency.

In the event of war the American people must roly mainly upon its volunteer soldier, while it is comparatively a simple act to turn a man into quite a good soldier, we cannot neither improvise a battleship or the crew of a battleship. It is not necessary that we should have a particularly large navy, but it is necessary that ship for ship it should be a little the best in the world.

The president said:

nois Life insurance company who have department to explain a transaction involving the alleged payment of some \$55,000 expended in 1903 at a time when a measure providing for the taking over of the Kansas before the Kansas legislature providing for the taking over of the Kansas was pending before the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking over of the Kansas legislature providing for the taking nois Life Insurance company who have Illinois concern, say the entire affair will be cleared up Wednesday. Twelve interroby the state insurance department.

"The fathers and mothers must see to it that the children are properly trained in order to keep up the standard of our country."

President Roosevelt will spend the night outside the city of Montgomery. His train will be aldetracked in the country near Montgomery and will leave at 7 o'clock tomorrow morning for Tuskogee, where it is scheduled to arrive at 8:20 a. m.

Enthusiass at Other Peints.

EPRAGUE JUNCTION, Ala., Oct. 23.—At many of the little stations through which President Roosevelt's special train passed this morning people were gathered and cheered and waved their flags as the special sped by en route to Mobile. Here day said:

TWO NEW TOWNS IN IDAHO

act as sponsor, will be created next month | been sold and is now outstanding. in southern Idaho, on sites which now are an absolute desert waste. Names al ready have been chosen for them-Hayburn for the first, which officially is to be created November 14, and Rupert for the second, which is to be created one week

The two towns will be seven miles apart. Sales of town lots will be conducted under government auspices on the days the towns are erected. The lots will be sold to the highest bidder. While the country is now a desert, it is expected that the great irrigating canals which the government is constructing at a cost in excess of \$3,000,-000, will make it very productive. The towns are located on the recently constructed branch of the Oregon Short Line

GOVERNOR FOLK FIGHTS FIRE Blaze Causes Heavy Damage to

Executive Manaion at Jefferson City.

JEFFERSON CITY, Mo., Oct. 23 .- The governor's mansion at Jefferson City was damaged to the extent of \$19,000 by fire this morning at 3 o'clock. Governor Folk his wife and guests had to seek quarters at a nearby hotel.

Governor Folk was aroused by the crackling of the flames and telephoned the fire department and then attempted to extinguish the fire, burning in the secondstory hallway, with two fire extinguishers. This proved ineffective, and after seeing his wife and their five guesta were safely. out of the mansion the governor devoted himself to saving the portraits of his pre

decessors in office, pending the arrival of tinguished

Help for Sjoberg.

A meeting was held last night in the rooms of the county commissioners to devise means for aiding Albert Sjoberg of 2813 Woolworth avenue, who has been an invalid for the last two years as the result of an injury received at that time in the Kimball laundry building, where he was hurt by falling through an elevator shaft. His leg was broken and never properly united, so that several operations have been required. A committee of ten was appointed to circulate a subscription list and was empowered to use any other means of raising money that would be practicable. A committee was appointed to look into the suit which is pending and ascertain why the case has not come to a trial.

During the progress of the meeting a delegate from the democratic central com-mittee of Douglas county presented a reso-lution of appreciation for the services and lution of appreciation for the services and ability of Albert Sjoberg and gave with the resolution a check for \$50 as a starter for the relief fund.

Bee, Oct, 23, 1905. MISS ROOSEVELT'S RETURN

Daughter of the President Arrives at San Francisco en Steamer Siberia.

Party Starts East at Once Over Union Pacific and Will Try to Make New Record from the Orient.

SAN FRANCISCO, Cal., Oct. 25,-The Paific Mail Steamship company's liner Siberia, which arrived from Yokohama today, established a new record between this city and the Japanese port, having made the trip in ten days ten hours and twentyeight minutes. The hest previous time between this port and Yokohama was made by the Kores, a sister ship of the Siberia, in ten days eleven hours and five minutes. The Siberia's time is sixteen hours and transpacific record held by the Canadian Pacific's liner Empress of China, plying

There were many distinguished passen gers on the Siberia, among them being Miss Alice Roosevelt, United States Senstor Newlands of Nevada and wife, United States Senator Warren of Wyoming, Representative Longworth of Ohio, Brigadier General H. T. Allen, chief of the Philipconstabulary; E. H. Harriman president of the Southern Pacific Company R. P. Schwerin, vice president and general manager of the Pacific Mail Steamship Company, and Miss Mabel Boardman and Miss Amy McMillan of Washington, D. C., the latter being traveling companion of Miss Roosevelt. M. Shoraishi, vice president of the Toyo Kisen Kaisha, Japanese steamship line; also came over from the orient.

Although it was expected that Miss Roosevelt would spend a few days in and around San Francisco, all the previous plans were changed during the voyage, and neither her party nor that of Mr. Harriman landed in this city at all. Instead they were transferred from the Siberia to th tug Arab and taken direct to the Oakland nole on the eastern side of the bay. They left there at 3:30 this afternoon for the east over the central route of the Southern Pacific, connecting with the Union Pacific and Northwestern lines via Omaha and Chicago for their homes. An attempt is being made to best all previous records between Yokohama and the big cities of the

Miss Roosevelt's Presents. "All the presents that arrived were nerely inexpensive mementoes of the trip.

such as any one traveling in a strange country would receive," said the president's daughter, "There was really nothing so remarkable about my trip and I cannot understand why so much fuss was made about it. I had an exceptionally fine time and enjoyed every moment that I was that so many nonsensical stories were circulated regarding me."

Mr. Harriman said: "Our visit to the orient has been one not only of much pleasure to us all, but interesting and instructive. We were treated by all classes, especially in Japan, with utmost courtesy and consideration. While our visit was solely for rest and recreation, we were enabled to learn many things which will help in our future rela-

LAND FOR THE PEOPLE'S USE

(Continued from First Page.)

for. Persons in Omaha and elsewhere in see an opportunity to make money by engaging in the raising of cattle, the grass now going to waste would be turned into beef, the idle money lying in the banks western prairies of Nebraska, the visit and

There is no doubt that this plan would

braska, but it would multiply many fold company properly care for. This plan would not industry is a profitable industry, and the owners of four-section tracts could make much more money by using the land for their own stock or by taking stock on the shares or to care for by the season than the big concerns would pay them A meeting was held last night in the for its use. The practical way to raise cattle in Nebraska is to raise the stuff to S-year-olds in the grazing districts and ship it into the corn districts to be fattened for market. Farmers in the corn belt under a law such as is proposed above ould then have stock of their own to feed their grain to, and in this way be as much interested in this part of the state as the eastern part of Nebraska.

Plan in Operation. For example, a farmer in the eastern has money in the bank-and there are lots of them who have money in the bankcould profitably enter the market to buy four sections of this grazing land to use to raise cattle to feed on his farm for market. His hired hand, who usually has but little money, could also buy a foursection tract adjoining the tract of his employer, and engage to care for the stock of his employer on the grazing ranch, use his wages to buy some stock of his own or take in stock for his employer on the practice, and everybody in the state would cost of \$2,000,000. have an opportunity to derive some benefit from this immense amount of grass that is

their idle money in the cattle business if it had any assurance of stability. A lawyer or doctor who desired to go into this bus ness would have an opportunity. He could buy a four-section tract for himself, he could employ a man to go and take care of his stock, who with his wages could also

buy a four-section tract for himself, and earn the money to pay for his land and stock his land in wages. Many banks are anxious to make cattle loans to permit per sons to buy cattle.

Here is the greatest opportunity for capital and labor to work together that exists in the state. The men who have money will as a rule refuse to bear the hardships at tendant upon going into the cattle business The men who come here and take a homestead who have no money to stock their land might as well go to Jericho. They are compelled to work out to earn money live on. They meet with reverses and find themselves unable to make a living on the homestead, and many, very many, good men have to abandon their claims after having spent what little money they had saved up in trying to stay on their claims. If capital is given a chance to go along twenty-eight minutes longer than the with labor they can work together in this country and both make money, but under the present practice there is little inducment to take money out of a bank and in vest in the cattle business in Nebraska.

Practice is Bad. No man can mingle with these ploneers and think they are a bad people. It is only the practice of settling the country that is wrong and the unsatisfactory and unsettled conditions in this part of the state may be expected to continue if the practice at present in vogue is not changed. Under such a law as is proposed here the number of persons who would invest money in this locality who would not come here to live would likely be equalled by the number who have no money to invest but would they could become independent by meeting the hardships.

CHICAGO HORSE SHOW OPENS Society of the Windy City Torns On Enmasse for First Night Exhibition.

CHICAGO, Oct. 23.-The Chicago horse show opened this afternoon in a manner that promised to eclipse all previous affairs of this kind ever held in the west. While the opening proper was in the afternoon, society understood that the first session was in the nature of a prelude, and not until tonight did it turn out in force. Practically every city within 100 miles of Chicago was represented in the boxes, and these, with the thousands of people from Chicago, who filled the great Collseum to its utmost capacity, made the exhibition from the social point of view a most brilliant success.

The horses on exhibition were of a class and in number superior to any other ex hibition of the kind in this city The first awards during the afternoon

were: time and enjoyed every moment that I was away. The only thing that I regret is that so many nonsensical stories were circulated regreting me."

HEARING ON OIL COMPANY Commissioners Prouty and Fifer Prepare Matter to Be Sent to

President.

CLEVELAND, O., Oct. 23 .- Commissionmerce commission began a hearing here today in connection with the complaint of unjust discrimination in rates filed by W. E. Wall, president of the Fred Clark Oil company, against the New York, New Haven & Hartford Railroad company.

The Clark Ou company is said to be the largest producers of lubricating oil in existence outside of the Standard Oil company. The complaint was filed several months ago and the burden of it is that it is impossible for the oil company to secure through rates to New England points on any products which come into competition with the Standard Oil company. The contention of the railroad company is that it could not grant rates because of the combustible nature of the oil company's products. To offset this allegation the oil company introduced an analytical chemist at the hearing today and he testified that the products in question were not as combustible as vegetable and lard oil products, on which through rates were obtained without difficulty. President Wall made a statement setting forth the oil company's tables in detail. He stated that the company's vegetable and lard oil put an end to the big concerns in Ne- products did not compete with the Standard

It is understood that the findings of the commission in this case are to be forcoming annual message to congress.

pany from disposing of or incumbering play into the hands of the big concerns FIGHT ON A LEAKING SHIP pelled to Man Pumps on Constwise Trip.

> NEW YORK, Oct. 23.-Four men were badly wounded in a series of battles be tween the officers and crew of the lumbe schooner Ida B. Gibson of Seaford, Del., and afterward between Milton Cordery the cook of the Gibson, and the police early today. For an hour about daybreak the cook, armed with a shotgun, stood off the police reserves, who endeavored to ascertain the cause of the trouble, and wounded a detective and night watchman. Frank H. Medley, the mate of the Gibson, was missing today and may have been murdered by the crew of the Gibson, who were compelled to pump the leaky craft part of Nebraska who owns 160 acres or all the way from Norfolk, Va., to New more of good farm land is out of debt and York, despite their protests. It was this that first started the brawl.

ANOTHER LINE TO WHITING Standard Oil Company Will Lay Another Pipe from Kansas Fields:

INDEPENDENCE, Kan., Oct. 21 .- A party of Standard Oil officials headed by Henry H. Rogers and John D. Archibald arrived here today and were met by many shares and neither of them would want to of the producers. After visiting Humease their lands to the big concerns for boldt. Kan, they will proceed direct to the reason that they could make more Whiting, Ind., to inspect the refinery there, money by using it themselves. This would Members of the party announced that as solve the problem as nothing else will, and a result of a survey of the Kanaus field the country would have as many actual it had been definitely decided to build ansettlers as it is likely to have under present other pipe line to Whiting at once, at a

FIRST REGISTRATION NULL

Recording of Voters on Primary Day Decided Invalid by Judge Troup.

ALL THEN REGISTERED MUST DO SO AGAIN

Court Holds Title of New Law Defective and that Section of Old Statute is Not Repealed.

Judge Troup has declared null and void that section of the Dodge primary law which sought to make primary day the first day for registration., Under this decision every person who registered September 19 must register again in order to vote November 7 The suit which called out this decision

was brought through Jefferis & Howell

The election officers in the First precinct of the Sixth ward, James A. Dailey, F. H. McCormick and G. R. Rathbun, were named as respondents. . They were represented by Byron G. Burbank. Mr. Howell presented to the court two points on which he based his argument that the law was unconstitutional as to fixing the first day of registration. First that the title did not embrace the propose

change in the old registration law and was not, therefore, comprehensive enough to comply with the constitutional provision. Second that the Dodge orimary law does not, either directly or by implication, repeal the section of the old law providing

for registration of voters. Mr. Burbank argued that the law was plain enough in its intent and should be allowed to stand. He dwelt also on the expediency of the provision which conbe willing to come here to live if assured stituted the primary day as the first day for registration.

Judge Troup took the case under adisement until 2 o'clock, at which time he gave an oral decision nullifying the law. The republican county committee already has taken steps to notify every individual republican who registered and voted September 19 that he must register anew in order to protect his right to vote on November 7. This work of notification is no small task, as there are more than 6,000 notices to be sent out.

Bert C. Miner, who was defeated in the republican county committee meeting for he nomination for register of deeds, says: "I understand Frank Bandle circulated the story Saturday that I was not a candidate for county clerk prior to the primaries in September, for the reason that I could not get any backing. As a matter of fact I was asked by party managers to with draw my candidacy for county clerk in Mr. Bandle's favor, also to do all in my power for him. I did both of these things Mr. Bandle was defeated at the primaries for county clerk.

'In connection with the register of deeds matter it was unfair of him to say that had not withdrawn to help his candidacy for county clerk. I merely wish to make this statement to set myself right before all who have any interest in the matte and to correct reports printed in another newspaper.

"Notwithstanding all this talk I am out for the whole ticket, bowing to the will of the majority and the people. The story that I refused to make Mr. Bandle's nomination for register of deeds unanimous is Theodore Galligher and J. B. Carter have applied to County Clerk Drexel for blank

petitions, which they are circulating for filing as candidates for justice of the peace Most of the men offered by the county committees as candidates for the office of justice and constable will not attempt to get the 250 petitioners necessary to have their names placed on the official ballot. They reside in rural precincts and within the last six months the Board of County commissioners have received half a dozen resignations of rural justices. There is no money in the job and no one seems to care much about having the distinction that attaches to the office. Atorney C W. Britt, as a matter of pro-

caution, has filed with County Clerk Drexel a protest against the placing on the official ballot of the candidates for justices of the peace and constable offered by the democratic county committee. Under Judge Sutton's decision all candidates for these offices must go on the ballot by petition, if at all.

The Eleventh Ward Republican club will hold a smoker Wednesday at 4008 Hamilton street. Hon. John L. Kennedy will be the speaker of the evening. All republicans and candidates are cordially invited.

Judge Sutton Monday afternoon granted to Attorney C. G. McDonald, representing the republican county committee, a wri of mandamus against District Clerk Broadwell, returnable for hearing Wednesday morning at 16 o'clock fr. Judge Sutton's

MRS. WINSLOW'S SOOTHING SYRUP as been used by Millions of Mothers for their shillness while Teething for over Fifty Years, it soothes the child, softens the gums, allays all pain, curse wind colle, and is the best emady for districts. TWENTY-FIVE CENTS A SOTTLE.

court. This was on the suit brought by Chairman Gibson against Broadwell to compel the recognition of the law in parcelling out representation for judges and clerks of election.

It has been decided by those having the matter in charge that a formal writ ofmandamus will be asked of Judge Sutton, directed to County Clerk Drexel, to have the name of Frank Bandle placed on the official ballot. This course will be pursued as a precaution against any possible "fluke" in the making up of the official
